

One Year is More Than Enough!

- Do you know that you have been lied to for over a year (remember "3 weeks to flatten the curve")?
- Do you know that there is no real pandemic? *
- Do you know that very few die of covid? (The average age of death is 82, and there are many false death records.)
- Do you know that far more people are dying due to lockdowns and restrictions than from the virus?
- Do you know that masks are useless and bad for your physical and mental health? **
- Do you know that more people die of the seasonal flu than of covid (which is now the rebranded "flu")?
- Do you know that test and trace is a preliminary practice for an unlawful vaccination pass/certificate?
- Do you know that the covid test is useless and produces mainly false positives?
- Do you know that the "vaccine" is an experimental gene therapy for killing and changing mankind?
- Don't wait for the corrupt globalist governments to give back our freedom – they don't want to, ever!
- This is a war against the people. Let's end this silent genocide, and defend our freedom and humanity!

* Check out on gov website where it says: "As of 19 March 2020, covid-19 is no longer considered to be a high consequence infectious disease in the UK."

** See under the title: "When you do not need to wear a face covering" on the gov website where it says: "...to avoid harm or injury, or the risk of harm or injury, to yourself or others". Masks harm everyone (over the short or long-term), therefore we are all exempt.
